

## Mission:

**We empower young people and their families affected by younger-onset dementia -  
Curing Isolation - Building Community - Driving Dementia Justice**

Lorenzo's House empowers youth and families walking with younger-onset dementia through an array of holistic support—shifting the narrative from isolation to connection, stigma to strength and darkness to light.

We are a virtual organization offering free programming to youth and their families across the country and worldwide. We host an in-person and virtual music club in Chicago.

3 pillar programs: MATCH, CLUBS and SUMMIT.

**MATCH**--Cure Isolation Our MATCH initiative connects peers of a similar profile, walking a similar path, to exchange techniques, share resources and cure isolation. \*Our MATCH connects young people and adults—and its impact ranges from a series of texts, to several conversations to a lifelong friendship.

**CLUBS**--Build Community

**Light Club** A virtual hangout for kids, 4 to 30+ of a parent with younger-onset dementia (YOD) to feel understood, share common stories, exchange mindfulness practices & build an alliance. Join us on the second, third and fourth Wednesday of the month.

**Shine On** Virtual spaces for youth whose loved one/person has passed—and seeks to connect in a shared experience.

**Bright Brunch** A virtual space for female carepartner/spouses to feel understood, share common stories, exchange resources and cure isolation. Join us the first Saturday of the month from 11:00am-12:30pm CT. [Register here.](#)

**Light Lounge** A virtual space for male carepartners/spouses to feel understood, share common stories, exchange resources and cure isolation. Join us the third Wednesday of the month from 7:00-8:30pm CT. [Register here.](#)

**Music, Movement & Community** An in-person and virtual interactive experience in Chicago where music and expression ignite connection and joy. [Register here.](#)

#### SUMMIT--Drive Dementia Justice

**Lorenzo's Youth Summit** A free virtual worldwide event (typically in June) that unites children, teens and young adults of a parent living with, or has lived with younger-onset dementia of any form. An inspiring day together to share common stories, exchange carer strategies, move forward advocacy initiatives and build community.

**Dementia Justice** Our international initiative applies our EmpowermentPLUS Model that: recognizes stigma, responds to sigma, and empowers self and others--burning out STIGMA & bringing dementia justice. [Find out more here.](#)

**Ambassador** A Lorenzo's House Ambassador is a valued volunteer leader who amplifies our vision to cure isolation, build a growing alliance and create justice. [Apply here](#)
